

2012 Guest Racer Rules

1. Guest racer rules are for the purpose of allowing other racers the chance to race with similar cars at our track. If you decide to participate you **MUST** adhere to Valley's general rules and regulations. You may race under these rules 4 times only, and after the fourth time your car must be compliant to Valley Speedway class rules or you may not participate.

FEEES: Under the guest racer rules, drivers will be accessed a \$20 fee each time they race. In addition they will be charged the transponder rental fee, and pit pass.

2. Your car will be inspected by your rules plus whatever stipulations are added for each class.(see below) To further clarify if you have an IMCA B Mod it will be inspected by their rules and must be 100% legal. You cannot mix and match as you see fit.

3. If your track is not listed please contact the tech director, before you intend to race, so the rules can be evaluated. If your class has two or more must or add rules, you will only be allowed to run four races and must change your car to be Valley legal to continue racing. Please call or ask tech director for specifics on this rule.

4. Valley reserves the right to modify these rules, at any time, with the intent of keeping all racers on an even playing field.

5. Valley Speedway requires the Shoenfeld #112535, or Shoenfeld IMCA #609 Custom Craft 2 or 3 ring mufflers on all classes. Other **FUNCTIONAL** mufflers meeting 8-10 db reduction will be considered.
